Contract GA-1853

2. The services and equipment being procured by this Contract No. GA-1853 are in furtherance of the OX CART Program(s), the nature of which cannot be publicly disclosed for security reasons. The undersigned Contracting Officer therefore determines that this procurement must be accomplished by negotiations pursuant to the authority of Section 3(a) of PL 81-110 and Class Determination and Finding, OXC-2122, signed by the DDCI on 15 October 1961.

3. Certification of funds for this contract will be handled under the procedure approved by the Director of Central Intelligence on 15 December 1956 which, in effect, results in all covert expenses involving issuance of Treasury Checks being accumulated in a separate account within the Finance Division. The amounts in this account will be periodically scheduled for certification of the vouchers by the Director. This procedure eliminates the necessity for a separate certification of authority under Section 8(b) of Public Law 110, 81st Congress (formerly 10(b) - see 85-507 dated 7/7/58) for each contract.

4. The following comments describe the procurement hereby effected, the terms and provisions generally of this contract/amendment, and a resume of major issues negotiated:

The purpose of this Amendment No. 1 to Contract GA-1853 is to expand the level of effort from an estimated 2600 direct man hours to an estimated 5930 direct man hours of effort. In addition to the expanded effort required of the Contractor the Government has requested the Contractor to undertake the development of feasibility hardware in pursuance of which the Contractor has entered into a subcontract with

 No. TMP-1. The estimated cost of this subcontract is
